PROFESSIONAL SUMMARY

Data analyst with 4+ years of experience turning operational records into accurate, reportable data across retail, print production, and research environments. Builds Excel and Power BI reporting workflows, performs data cleaning and validation, monitors inventory and transaction records, and documents processes so teams can act on reliable numbers. Working knowledge of SQL/MySQL and Python for data handling; completing a BSc in Software Engineering (expected December 2026).

TECHNICAL SKILLS

Data Analysis & Reporting: Microsoft Excel (advanced formulas, PivotTables, VLOOKUP, data cleaning), Power BI (dashboards, data visualization), SQL / MySQL fundamentals, Python (basic data handling), data validation, KPI tracking

Business Systems & Operations: Process documentation, inventory and transaction monitoring, workflow coordination, project tracking, record management, cross-functional reporting, Google Workspace (Sheets, Docs, Drive)

Design & Development: Adobe Illustrator, Adobe Photoshop, Canva, Affinity Suite, CapCut, DaVinci Resolve, Flutter/Dart (academic projects), Git and GitHub

PROFESSIONAL EXPERIENCE

Marketing & Digital Operations Associate | May 2025 - Aug 2025

China Village Hypermarket, Signature Mall, Nairobi

- Coordinated promotional campaigns and digital assets, maintaining a single tracked record of branding, print, and production activity.
- Tracked campaign timelines, print deliverables, and material distribution, giving stakeholders clear visibility of execution status.
- Organised marketing and administrative records to improve reporting accuracy across departments.
- Partnered with sales, production, and design teams to keep workflows aligned in a fast-paced retail environment.

Graphic Designer & Operations Coordinator | Dec 2024 - Mar 2025

Bevoch Family Graphics, Mlolongo, Machakos

- Maintained daily cash books, sales tracking logs, and transaction documentation to keep financial records reconciled.
- Monitored inventory movement and supported stock reconciliation, reducing untracked stock discrepancies.
- Introduced workflow tracking methods that improved accountability across client projects.
- Coordinated project timelines, client deliverables, and production documentation.

Technical Operations & Design Associate | Jul 2024 - Nov 2024

Pari Graphics Ltd, Kitengela, Kajiado

- Maintained transaction records and stock control systems supporting operational accountability.
- Tracked production workflows and coordinated deadlines across sales, production, and design units.
- Produced structured documentation and reports on daily operational activity.
- Improved reporting accuracy through consistent record management practices.

Research & Documentation Analyst | Oct 2021 - Jun 2024

Writing Specialists, Remote

- Conducted structured research and information analysis for academic and business projects.
- Synthesised large volumes of source material into organised reports and clear, actionable findings.
- Applied analytical reasoning and data interpretation to support structured reporting.
- Maintained consistent documentation and accuracy standards across concurrent assignments.

PROJECTS

- **E-Commerce Mobile Application (Dart, Flutter)** - Shopping and product-catalogue mobile app covering browsing, product structure, and order-oriented screens.

- **E-Commerce Admin System (Dart)** - Back-office companion system for managing digital commerce operations and product/order control.
- **Flutter Interface Application (Flutter)** - Interface-focused app demonstrating responsive mobile layouts and front-end interaction design.
- **Function-Based Programming Project** - Modular functions, readable code organisation, and project documentation using GitHub workflows.

EDUCATION

Bachelor of Science in Software Engineering | Expected December 2026

University of Eastern Africa, Baraton - Nandi County, Kenya

Relevant coursework: Systems Analysis & Design, Database Systems, Software Engineering Principles, Information Systems, Computer Networks.
